

Proven Cost Reduction

Anti-fatigue Matting

Reduces Costs And Increases Worker Productivity.

Before Installation

Surface: Concrete
Injury Rate > 3 per month
Absent Rate > 5.2%

After Installation

Surface: Anti-Fatigue Mat
Injury Rate < 1 per month
Absent Rate 4%

Improvement With Mats

Injury Reduced 70%
Absentee Reduced 23%

COST SAVINGS RELATED TO THE INSTALLATION OF ANTI-FATIGUE MATS

Productivity

Insurance Premium Reduction

Total Cost Savings

One Year Study

A Vision, A Story, A Philosophy. . .

We're champions for the standing worker. To us, they're athletes on the job. And just like a professional athlete, the Industrial Athlete deserves and needs the best possible field conditions.

Virtually every sport takes place on a specially designed surface, whether it's a court, a field, or a rink. Like athletes, manufacturing workers exert themselves every day. These industrial athletes deserve to test their limits on surfaces that have been engineered to support them and their work.

We design the world's best surfaces to give them a competitive edge while they're on the clock, reducing aches, pains, fatigue, and potential for injury, so they can enjoy their life *on* and *off* the clock.

We offer innovative solutions that improve the stats

Cost Avoidance
\$42,152

Average cost of
a single floor
related injury

Safety 69%

of occupational injuries
are from slips, trips,
falls and strains

Innovation

Our dedication to innovation, safety and productivity for the industrial athlete is why Wearwell is the category leader in industrial and safety matting. Proper design can be the difference between a mat that fails and one that's perfectly suited to the job. We have a long history of firsts in innovation.

- ▶ The first Diamond-Plate Anti-Fatigue mats, now the #1 seller in the industry!
- ▶ The first double-thick "UltraSoft" Diamond Plate mats
- ▶ The first ESD Anti-Fatigue mats for static control
- ▶ The first Gritted Anti-Fatigue mats for slip prevention
- ▶ The first welding mats
- ▶ The first Cutting Fluid Resistant mats
- ▶ The first positive locking modular tiles & ergonomic flooring, now the fastest growing anti-fatigue category
- ▶ The first modular 100% Urethane mats, the highest performance mats on the market
- ▶ The first 18"x18" (46cm x 46cm) Ergonomic Floor Tiles, a distinct category unto itself
