DISCOVER THE NEW MINI HANDSFREE WI-FI KITS

Available with the new Quadra ViP or iKall Metal Entrance Panels.

 **Comelit**[®]
Passion. Technology. Design.

*ALSO AVAILABLE WITH
IKALL METAL ENTRANCE PANEL.

D E S I G N
M I L A N O

Comelit complements its VIP line of products with a new version of the Mini Handsfree Internal unit with integrated WI-FI and gateway for the new Comelit APP. The P2P function eliminates the need to set port forwarding in the router dramatically reducing commissioning time. The Smart Registration allows the user to easily enable and use the Comelit APP which can be downloaded free of charge for Android and IOS devices.

Application Examples

A system for all settings, from the simplest to the most complex.

Kit **8561V**

Code	Quantity	Description
4899*	1	QUADRA EXTERNAL UNIT FOR VIP SYSTEM
6742W*	1	COLOUR MINI HF, WIFI AND GW WITH INDUCTION LOOP-VIP
1440	1	NETWORK SWITCH 4 PORT
1441B	1	RISER POWER SUPPLY VIP 30W

* Standard product with "kit set-up"

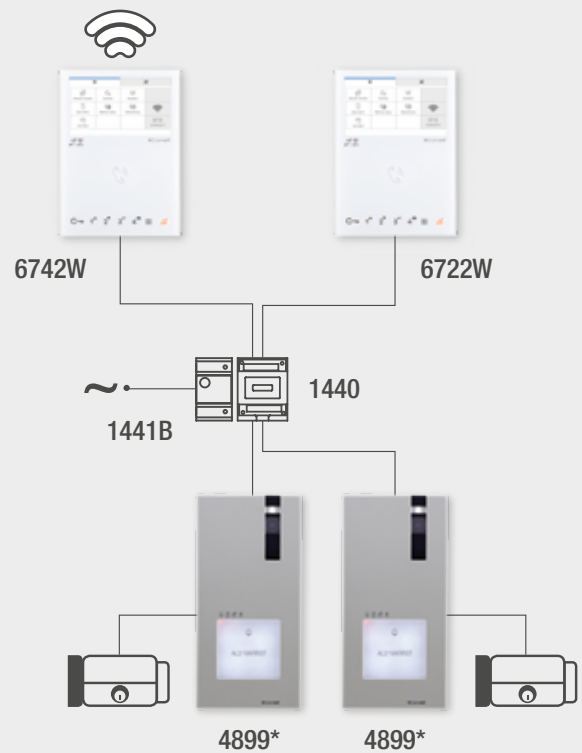

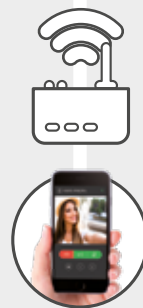

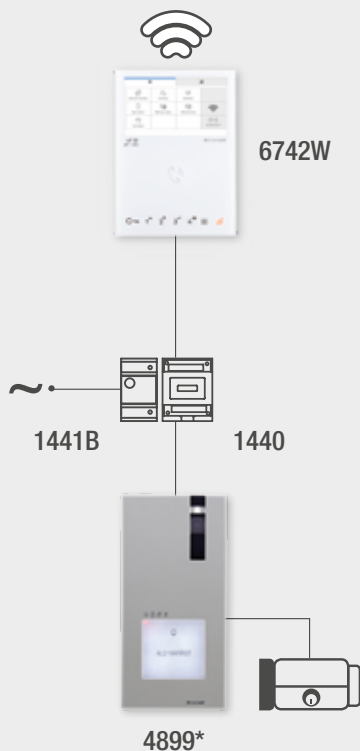

Kit **8561IV**

Code	Quantity	Description
4894HIM*	1	IKALL METAL EXTERNAL UNIT FOR VIP SYSTEM
6742W*	1	COLOUR MINI HF, WIFI AND GW WITH INDUCTION LOOP-VIP
1440	1	NETWORK SWITCH 4 PORT
1441B	1	RISER POWER SUPPLY VIP 30W
1595	1	33VDC POWER SUPPLY UNIT

* Standard product with "kit set-up"

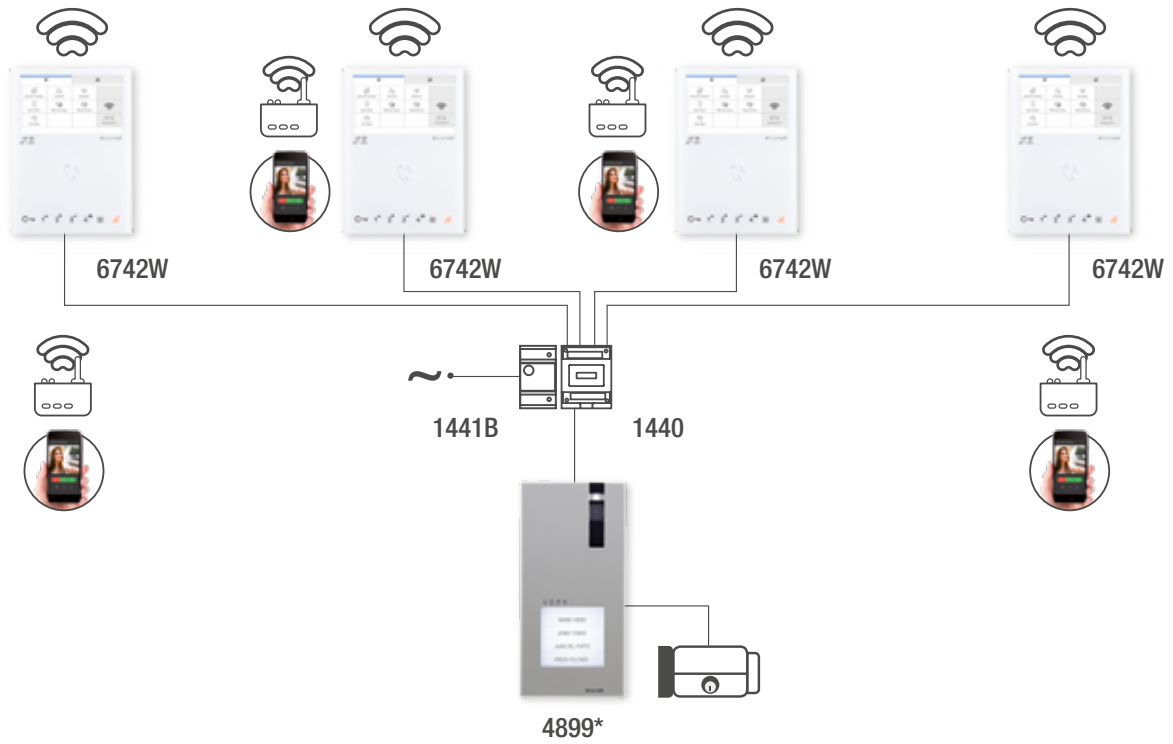

STANDARD
CONFIGURATION

TWO ENTRANCE PANELS AND TWO VIDEO INTERNAL
UNITS EXPANSION (SINGLE-FAMILY)

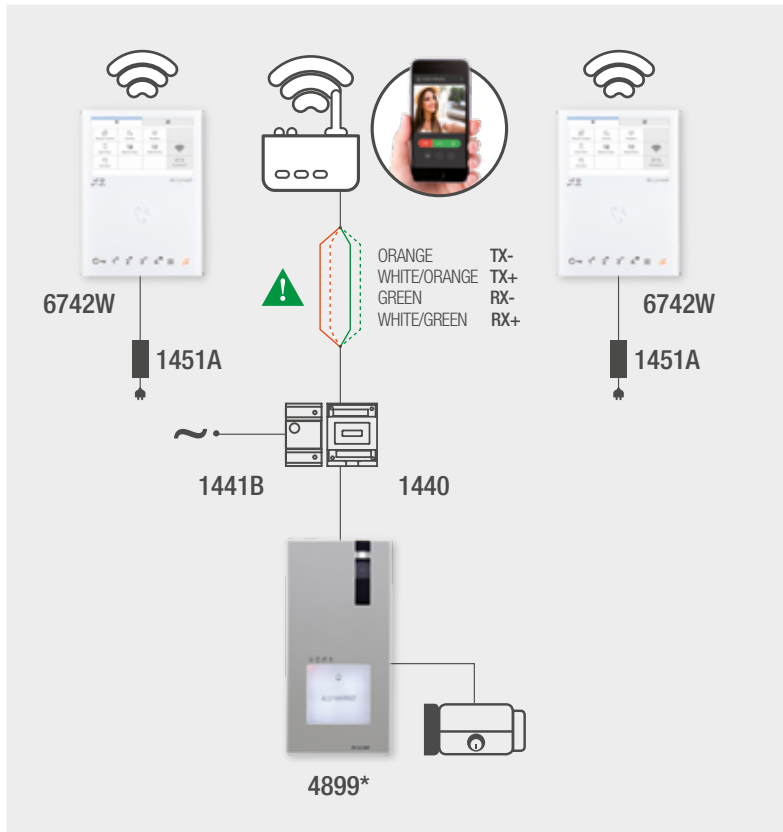

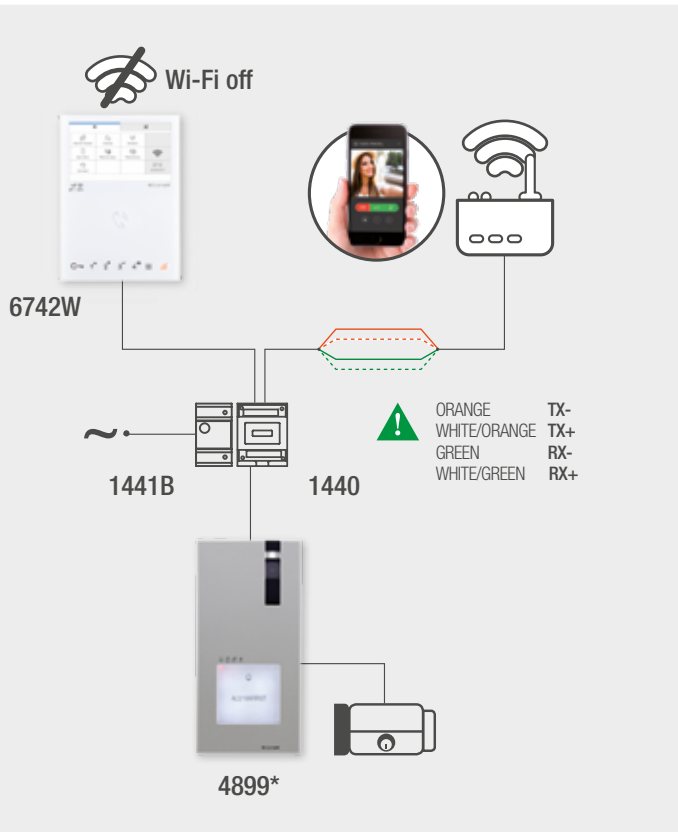

*Also available with IKALL METAL ViP Entrance Panel.

MAXIMUM EXPANDIBILITY:
FOUR DIFFERENT APARTMENTS

WIRED CONNECTION TO THE ROUTER
(SINGLE-FAMILY INSTALLATIONS) ONLY

INTERNAL UNITS WIFI CONNECTION TO THE ROUTER
(SINGLE-FAMILY INSTALLATIONS) ONLY

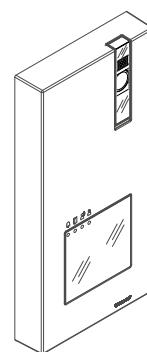

*Also available with IKALL METAL ViP Entrance Panel.

External Unit - Quadra

New ViP version.

DESIGN PLUS
powered by light+building

195 MM
23 MM
95 MM

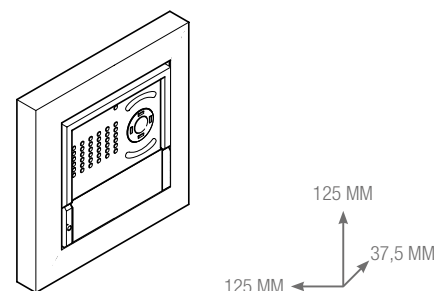

- Extra-compact external unit
- Die-cast aluminium cover, protection degree of IK08
- Call buttons featuring exclusive “Sensitive Touch” technology
- Wall-mounted installation
- Colour HD camera
- 4 indicator LEDs for call sent, door open, audio active, system busy
- White LED for illumination
- Nameplate holder in versions with 1/2/4 buttons
- Programmable up to 4 users

FEATURES AND FUNCTIONS	4899
Type of finish	Aluminium cover
Installation	Wall-mounted
Camera	Colour Digital
Video encoding	H.264
Type of sensor	HD CMOS Image Sensor
Lens size	2.8
Maximum current absorption (mA)	85mA
Microphone volume control	Yes
Loudspeaker volume control	Yes
Operating temperature (°C)	-25/55
Network connection	RJ45
IP protection rating	IP54
Vandal Resistant IK	IK08
IP assignment	AutoIP, DHCP, Static IP
Visual and acoustic signalling	Yes
POE power supply	37-57 Vdc, standard PoE

External Unit - iKall Metal

A true powerhouse.

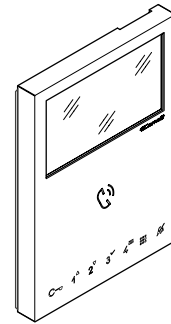

- Audio and audio/video external unit
- Stainless Steel finish
- Flush- and surface-mounted installation with dedicated accessory
- Protection index IP54
- Large, easy to remove nameplates
- Acoustic signalling and visual indications with pictograms illuminated by LED backlighting

FEATURES AND FUNCTIONS	4894HIM
Type of finish	Modular entrance panel in stainless steel finish
Installation	Flush-mounted / Wall-mounted
Camera	Colour Digital
Video encoding	H.264
Type of sensor	1/3" CCD
Lens size	3.6
Maximum current absorption (mA)	5mA
Microphone volume control	Yes
Loudspeaker volume control	Yes
Operating temperature (°C)	-5/55
Network connection	RJ45
IP protection rating	IP54
Vandal Resistant IK	-
IP assignment	AutoIP, DHCP, Static IP
Visual and acoustic signalling	Yes
Power supply	33 Vdc

Internal Unit - Mini Handsfree Wi-Fi

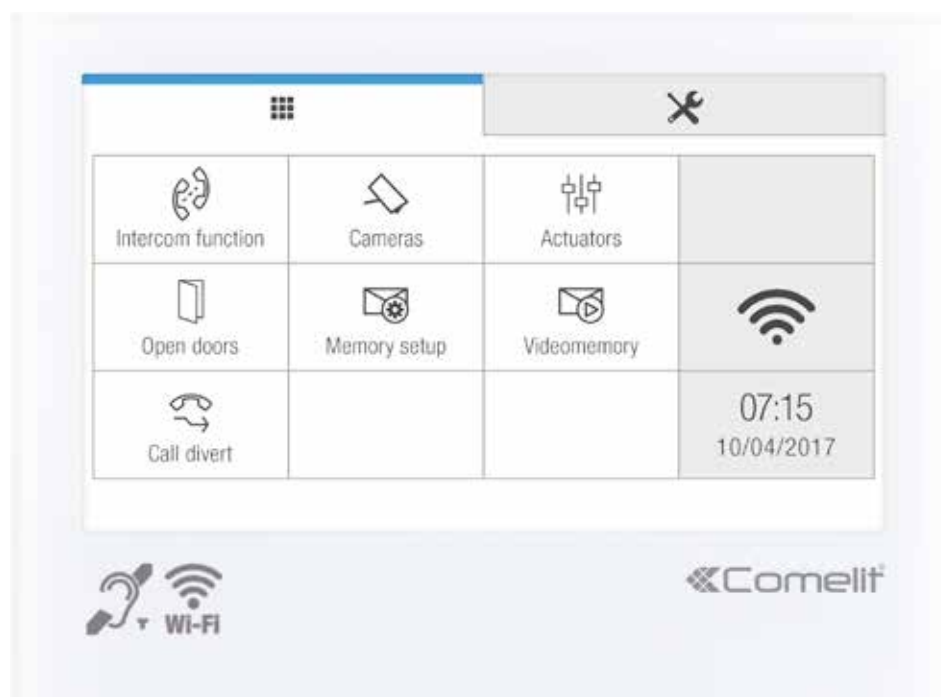

Always connected, wherever you are.

160 MM
22 MM
115 MM

- Wi-Fi port Wi-Fi 802.11b/g/n 2.4 GHz
- Receive and answer calls from video door entry on smartphone / tablet
- Connection between monitor and smartphone in a few easy steps
- 4.3" 16:9 colours monitor
- Wall-mounted and desk base installation with dedicated accessory
- Equipped with 8 soft-touch keys
- Indicator LEDs for incoming calls, door open, privacy and "doctor" function and pending messages
- Equipped with 3 programmable inputs
- Adjustable backlight brightness, key feedback and ringtone volume
- Induction loop (with T position) included
- Separate bracket for easy and fast cabling

CONTROL

FEATURES AND FUNCTIONS	6742W
Surface mounting	Yes
Desk base-mounting	Yes
Induction loop	Yes
Display size	4,3" 16/9
Resolution (pixels)	480x272pixel
Video codec	H.264
Product colour	White
Number of standard buttons	8
LED indicator lights	4
Electronic ringtone	Yes
Ringtone volume control	Yes
Power supply voltage	36÷57Vdc (PoE)
Stand-by absorption (mA)	54,94V 30mA
In-call absorption (mA)	54,94V 42mA
In-communication absorption (mA)	54,94V 46mA
IP protection rating	IP30
Operating temperature (°C)	-5/40
Product weight (g)	0,54 Kg
Terminals	IN1 IN2 IN3 GND
Network connection	RJ45 10/100 Mbps Ethernet Interface
Wi-Fi connection	Wi-Fi port Wi-Fi 802.11b/g/n 2.4 GHz

Comelit **App**

The door entry monitor at your fingertips.

The Comelit App allows your video entry systems to be managed remotely by smartphones and/or tablets connected to 3G networks or above. It is possible to respond to calls from the entry station, make intercom calls, view recorded videos from the entry station and control the opening of gates and doors. The Comelit APP is available free of charge for iOS and Android devices.

Comelit App

ANSWER CALLS FROM EXTERNAL UNITS

You can answer audio or audio / video calls from a smartphone or tablet locally or remotely (with 3G or higher network).

VIEW AND MANAGE CAMERAS

You can view (live) CCTV cameras and images from the entrance panels.

SAVE YOUR BATTERY AND YOUR DATA

Comelit APP activates itself only when you receive a call, showing a push notification, saving your mobile data and battery.

MAKE AND RECEIVE CALLS FROM OTHER INTERNAL UNITS (IN THE CONTACTS LIST) AND FROM OTHER DEVICES

You can make or answer audio calls from a smartphone or tablet with 3G or higher network to ViP internal units.

VIDEO MEMORY

The Video Memory function allows to record and view videos from external units and CCTV cameras (up to 10 seconds).

ACTUATOR ACTIVATION AND MANAGEMENT

This function is used to control actuators to control lights, gates, barriers, etc.

- Clean and minimal design
- Continuously updated with new functions such as home and burglar alarm management
- Contact list with every connected device
- Contact list with every member of your family and your building via phone
- Possibility to call monitors by smartphone
- Video recording from your external units
- Missed calls with recorded notification

...and much more
