

WHAT OUR CLIENTS SAY

English Rural Housing Association is one of the leading developers of affordable rural housing, working with a variety of partners to tackle the housing problems affecting rural communities across England.

Operating from regional locations and a London Head Office, 18 employees work under the governance of a multi-skilled Board of Management. Without the internal resource to manage the health and safety requirements that all employers are legally obliged to

meet, English Rural chose to appoint Ellis Whittam. This means they now have 24/7 access to support whenever needed and crucially, Ellis Whittam acts as their legally required Competent Person.

Their dedicated Ellis Whittam Health & Safety Consultant has prepared all their documentation such as their Policy and Handbook tailored to their exact requirements. The Consultant also carries out all the assessments and inspections, returning on a

regular basis to review and update their systems and Action Plan.

Adrian Maunders, Chief Executive, comments: "Health & Safety is a subject which could give Chief Executives and Board Members sleepless nights; knowing that Ellis Whittam are on hand to advise and guide helps to keep us on the right track. We are so pleased with the support that we receive from our dedicated Health & Safety Consultant that we have recently renewed our contract having been an existing EW client for six years."

Adrian continues: "Our fixed fee contract is backed by legal expenses insurance so we know we are protected no matter what."

English Rural Housing Association also has access to a designated area on EW's website where all their Risk Assessments and documents are stored and easily accessed.

Adrian concludes: "EW is a valuable partner to our organisation. The service is comprehensive and hands-on and I have no hesitation recommending them to other housing associations."

"Health & Safety is a subject which could give Chief Executives and Board Members sleepless nights; knowing that Ellis Whittam are on hand to advise and guide helps to keep us on the right track."
Adrian Maunders, Chief Executive
