

SKY GUARD INTERNATIONAL

Skyguard's service is now exclusively available in 36 countries across Europe and South Africa – providing first class emergency assistance for lone workers travelling abroad.

Emergency Response in 36 Countries – the first and only service of its kind in the world to provide full police, paramedic and fire response in 36 countries across Europe and South Africa (see below for a full list). Ideal for the travelling professional – 24hr protection wherever you are.

Cross-Border Coverage – during an emergency we'll continually monitor and assist you across borders (where the service is covered), ensuring effective protection on the move.

Tailor Your Existing Service – We can tailor your existing Skyguard service to incorporate our international cover.

Three ways to connect – the service is available via our MySOS and GEMshield personal safety devices, or as a BlackBerry software download. No special / additional equipment is required.

Ideal for those who travel abroad

To find out more about Skyguard's international service and what best suits your needs, please call us on **0845 0360 999** or email **sales@skyguardgroup.com**
