

Flexicamplus

FlexicamPlus offers unbeatable vehicle insights, combining the latest dashcam technology with advanced telematics.

Maximise your profitability through greater productivity, increased driver efficiency and improved safety without any contracts or installation fees.

Complete control

FlexicamPlus provides the highest levels of vehicle insight available, to ensure you have complete control of your fleet on the road.

The service combines the benefits of Flexitrack and Flexicam into an all-inclusive package.

Offering the latest camera technology with advanced telematics to offer extensive insights into vehicle and driver performance.

FlexicamPlus supports:

- > Vehicle and driver safety
- > Insurance claim protection
- > Logistics planning
- > Driver training
- > Location and speed information
- > Geo-fencing alerts (congestion charging zone)
- > Fuel efficiency

Future-proof your business

Due to upcoming government regulations, more and more companies are introducing electric vehicles to their fleet. In turn, telematics continues to become an integral part of daily operations. Fleet managers can now optimise both efficiency and safety – all with the aid of FlexicamPlus telematics.

Contact us today to see how easily and efficiently your business can benefit.
