

Biosafety Service Package

Remove the burden of biosafety cabinet compliance with our full-service solution.

TION's comprehensive service package ensures compliance with EN12469 standards throughout your laboratory.

We provide a customised, online asset register listing your cabinet type, location, serial number and test certificates free of charge, in addition to observation notes and recommendations.

From KI-Discus, DOP, and airflow tests, to calibration and general maintenance, we have you covered regardless of cabinet type or brand.

It's simple, efficient and digital.

Key Benefits:

- ✓ We service all cabinet types regardless of brand.
- ✓ Certified to industry EN12469 standards
- ✓ Tests include KI-Discus, DOP and airflow.
- ✓ Full, online asset register including location, serial numbers and certificates.

Nationwide Coverage

We cover Scotland, England, Wales and northern Ireland.

Custom Contracts

We offer 1, 2 and 3-year service contracts to suit your business.

On-Site Maintenance

If it's broken, we'll fix it on-site, no questions asked.

Digital Documentation

Tired of paper? We store all of our documentation and certificates online.
