Specialist Training

Every responsible organisation recognises the importance of training, to empower your team and add value to your business.

Here at The Preparation Group we are passionate about what we do, using our expertise to develop and enhance skills, with training opportunities for all types of businesses.

Our aim is to provide value for money training, delivered by our industry qualified assessor and professional, experienced team.

The Training Hub

Our unrivalled facilities are the best in the UK, fully equipped with the latest technology in Surface Preparation, Cleaning and Finishing equipment, where products can be laid, removed, polished & cleaned.

We have 500m² of surfaces including: Resin Systems, Coatings, Screeds, Adhesives, Vinyl, Carpet, Terrazzo, Ceramic Tiles, Concrete, Thermoplastic Lines & Steel, which constantly evolves. We can demonstrate equipment and train candidates on selecting methods, machines, tools & accessories.

Tailored Solutions

All our course subjects focus on the practical and can be tailor made to suit your business, including upskilling opportunities and Health & Safety topics such as Asbestos Awareness, Manual Handling, Method Risk & COSSH and First Aid.

Our facilities are also available to hire.
